

ROPTerm life insurance can help you fulfill a broad range of financial responsibilities.

## A Powerful Financial Tool

Discover how ROPTerm's combination of security and flexibility can help you:

- Protect your mortgage
- Safeguard your family's college savings
- Supplement the continuation plan for your business as part of a buy-sell arrangement
- Fulfill the insurance requirements of a divorce settlement

- <sup>1</sup> The cumulative premiums paid on the policy during the level term period (15, 20 or 30 years), not including any substandard and rider charges, will be paid to you at the end of the level term period if the policy is then in force. The premium returned does not take into account any time value of money. Beginning the sixth (6th) policy year, a portion of the cumulative premiums will be returned if you choose to surrender the policy.
- <sup>2</sup> The loan interest rate is 8.00% per year, payable in arrears.
- <sup>3</sup> The amount of paid-up life insurance is based on how much the cash value will buy when applied as a net single premium at the insured's age on the date of default. The Company reserves the right to pay the cash value to the owner and terminate the policy if the cash value is less than \$1,000.
- <sup>4</sup> Guarantees are subject to the claims-paying ability of American General Life Insurance Company.
- <sup>5</sup> Convertibility feature extends to the earlier of the end of the level-premium period or the insured's attainment of age 75.
- <sup>6</sup> Available if the insured is diagnosed by a qualified physician as having 12 months or fewer to live; benefit maximum is the lesser of \$250,000 or 50 percent of the policy benefit.
- <sup>7</sup> Rider charges are not included as part of the money back guarantee
